Teas: £5

### Black Assam

*The Assam terroir borders the Himalayas and is renowned for its rich soils, producing teas that offer the ideal balance of strength, assertiveness and malty flavour*

### Earl Grey

*Ceylon tea from Ruhuna, in the south of Sri Lanka, has been selected as a base. To this natural bergamot extract is added, which tempers the tea's fragrance and imparts the iconic citrus note as well as a sprinkling of blue cornflowers for visual flair*

### Jade Sword Green Tea

*This exceptional organic spring tea cultivated at an altitude of 800m is bursting with sweet spring flavour. It gives a refreshing infusion with pleasant sappy top notes with umami depth*

### Jasmine Silver Needle

*Delicately crafted, this white tea uses the sweetest, spring picked white tea buds. Scented with fresh jasmine flowers, the result is a refreshing infusion with notes of honeyed apple and an intense jasmine aroma*

Infusions: £5

### Chamomile

*Chamomile flowers are freshly picked and slowly dried for optimum flavour and aroma, creating a calming caffeine-free herbal infusion with delicate and soothing floral note*

### Rooibos

*Rooibos is only grown in Cederbeg, a small region of South Africa. Similar to traditional tea, long cut rooibos leaves are oxidised for a sweet, honeyed herbal infusion. Caffeine-free, it has a soft, gently tangy flavour with a hint of Seville orange richness*

### Blackcurrant Hibiscus

*A natural caffeine-free herbal infusion with whole dried blackcurrants, berries and hibiscus flowers. Each ingredient has been dried slowly to retain its essential oil, flavour and aroma.*

*This infusion brings a perfect and complementary balance of berry sweetness and hibiscus tartness*

*Ask about fresh seasonal infusions from our gardens at The Grove*

*This 100% Specialty Arabica of the Yellow Bourbon Variety exhibits soft notes of cocoa, caramel and hazelnuts with a light citrus acidity. The ideal single origin espresso, particularly suited to making Flat Whites and Lattes*

### Guatemala Decaffeinated £6

*As a washed Arabica coffee it encompasses classic Guatemalan traits - most notably being a sweet, aromatic and well balanced coffee with notes of blood orange, raisins and milk chocolate. The coffee is decaffeinated using the Swiss Water Process, guaranteeing it as being 100% chemical free using only water, temperature and time*
