

## **Sommelier - COAST**

Coast has quickly established itself as one of the leading restaurants in Wales set right on the golden sandy beach at Coppet Hall near Saundersfoot in Pembrokeshire. The restaurant was AA Restaurant of the Year for Wales in 2016 and has won numerous awards and accolades including being in the top five sea food restaurants 2019 for the caterer. We are also fortunate that given its stunning coastal location it is also regularly listed as one of the best restaurants with a view in the world.

Coast has recently appointed a new Head Chef, Fred Clapperton who earned and retained a Michelin star at his previous establishment in Surrey. Fred and the team are now looking for a dedicated and ambitious Sommelier to join the team.

### **A successful candidate will ideally have:**
